

● *This is a reminder that I am in the land of Buckeye Beer. In this locality the beer drinker demands a true pilsener type Kraeusen brewed beer. Buckeye always!*

BUCK AND BILLY

- Buck is 34 years old—4 ft. 5 in. tall, and is the living trade mark of the Buckeye Brewing Company, Toledo, Ohio. As he winks his message he reminds you Buckeye is brewed the slow way as were beers before prohibition—Kraeusen brewed of the best grains grown on earth, both keg and bottle.
- Billy's age unknown—habits perfect—and believe it or not, he has pulled Buck a minimum of 25,000 miles.
